To,
THE PRESIDENT OF INDIA,
NEW DELHI.

SUB: Importance & Urgent Reforms in Conducting & Maintenance & General Elections in India

Madam,

I am Naveen from Warangal District & Telangana State.

Here, I am Suggesting the following Basic and very Important Points to be Implemented in India by "Election Commission & India (ECI)".

As a large Democratic Country, Our Country Needs a Transperent Conduct & Elections and Fraud management & Election Records Thereby.

1) Developed Nations & Foreign Investors Are Keenly Interested in True and Fair Nature & Elections inspite & Any Mal Practices.
2) Implement S.I.R now with a view & Nation's Better Future and "Report to Public", International Agencies and Foreign Countries about Special Intensive Revision & Votes in India.
3) Allot Voter ID cards with a Unique Indian Number Sequence, Along with QR Code Affixed. Government must Involve "Every citizen to vote mandatorily"
4) Give and Show The Election Day CCTV Footages and Strong Room's Vedio Coverage in 'Youtube channel' as well as ECI's website portals.
5) Allow "Asian Countries" Government People and Public Service Authority in Conducting and giving Fair Results & Elections At All levels (Village, District & State Assemblies & Parliament Elections). As well Declare Holiday on Election Day to General Public.

JAI HIND!

Thanking You
30/6/2024
Naveen
